Utrecht

INFECTION AND IMMUNITY  
UTRECHT UNIVERSITY PHD PROGRAMME

## Introduction course Infection Biology

**Monday 29 March 2010**

**Venue: HB 0.01 - Tuinzaal**

**Theme I: Viruses**

09.25 – 09.30	Welcome & Introduction	Jos van Strijp
09.30 – 10.15	Molecular epidemiology of human gastro-enteritis viruses	Marion Koopmans
10.15 – 11.00	Influenza	Guus Rimmelzwaan
11.00 – 11.30	<i>Coffee</i>	
11.30 – 12.15	Feline coronaviruses; about serotypes, pathotypes, virulence and vaccines	Peter Rottier
12.15 - 13.15	<i>Lunch</i>	

**Venue: Stratenum, room S40**

13.15 – 14.00	Polio	Ton van Loon
---------------	-------	--------------

**Theme II: Fungi**

14.00 – 14.45	Clinical mycology	Pieter-Jan Haas
14.45 – 15.30	The quest for fungal virulence: detection and life style	Teun Boekhout

Universiteit Utrecht

Universitair Medisch Centrum  
Utrecht

INFECTION AND IMMUNITY  
UTRECHT UNIVERSITY PHD PROGRAMME

## Introduction course Infection Biology

**Tuesday 30 March 2010**

**Venue: Stratenum, room S40**

**Theme III: Bacteria**

09.30 – 10.15	Bacteria in Cystic Fibrosis / Pseudomonas	Kors van de Ent
10.15 – 11.00	<i>To be announced</i>	Peter van Ulsen
11.00 – 11.30	<i>Coffee</i>	
11.30 – 12.15	Molecular epidemiology and population biology of bacteria	Rob Willems
12.15 - 13.15	<i>Lunch</i>	

**Venue: UMC Utrecht, college hall blue**

13.15 – 14.00	Bacterial gene regulation	Marc Wösten
14.00 - 17.00	Session “MRSA”	Ad Fluit

Universiteit Utrecht

Universitair Medisch Centrum  
Utrecht

INFECTION AND IMMUNITY  
UTRECHT UNIVERSITY PHD PROGRAMME

## Introduction course Infection Biology

**Wednesday 31 April 2010**

**Venue: UMC Utrecht, college hall blue**

**Theme IV: Immunology / Evasion**

09.30 – 10.15	Antibiotic Evasion	Tjomme vd Bruggen
10.15 – 11.00	HIV	Monique Nijhuis
11.00 – 11.30	<i>Coffee</i>	
11.30 – 12.15	Viral Immune Evasion	Emmanuel Wiertz
12.15 – 13.15	<i>Lunch</i>	

**Venue: Hijmans vd Berg building, room HB 4.33**

13.15 – 14.00	Bacterial Immune Evasion	Jos van Strijp
14.00 – 17.00	Session “Evasion”	Maaïke Rensing / Carla de Haas

Universiteit Utrecht

Universitair Medisch Centrum  
Utrecht

UTRECHT UNIVERSITY PHD PROGRAMME

## Introduction course Infection Biology

**Thursday 1 April 2010**

**Venue: WKZ College hall**

<b>Theme V:</b>	<b>Parasites &amp; Fungi</b>	
09.30 – 10.30	Immune modulation by helminth infections: protection against allergic diseases	Hermelijn Smits
10.30 – 10.45	<i>Coffee</i>	
10.45 – 11.30	RTS,S: a successful vaccine for malaria at last?	Adrian Luty
<b>12.00 – 13.00</b>	<b>Eijkman Lecture</b> The mycobacterial cell envelope and protein secretion: essential for understanding tuberculosis	Wilbert Bitter

**Venue: WKZ Conferenceroom, KC 01.063.0**

**13.00 – 14.30          Lunch with Wilbert Bitter**
